

1 set of optical attenuator

1 set of optical attenuator

Fiber optic attenuators with 5, 10 & 15 dB levels. Compatible with APC & UPC connectors. Ideal for high-density networks & precise signal control.

Shop DigiKey's large in-stock selection of Fiber Optic Attenuators. View inventory, pricing and order now for same day shipping!

Online shopping for Industrial & Scientific from a great selection of Fiber Optic Attenuators, Radio Frequency Attenuators & more at everyday low prices.

FS fixed and variable fiber optic attenuators with leading attenuating fibers guarantee consistent and stable fiber attenuation (0~60dB) in WDM transmission.

The Fixed Fiber Optic Attenuators included in these kits allow one to attenuate an optical signal easily by plugging an FC/PC- or FC/APC-terminated fiber directly into the back end of the attenuator connector.

OZ Optics offers a broad range of both variable and fixed attenuators having key competitive advantages. All of our attenuators operate over the two standard wavelength bands, the C-Band and ...

Optcore offers various fixed and variable optical attenuators (VOAs), with various LC, SC, ST, FC, E2000, and MPO connectors. Most importantly, we tested all the fiber optic attenuators in the factory ...

VIAMI offers the industry's most complete range of optical attenuators for installation and maintenance of singlemode and multimode fibers and advanced, photonic-layer solutions for lab and production ...

Keysight optical attenuators provide precise control of optical signal power for accurate and repeatable optical component testing. Attenuators emulate signal loss, balance power levels, and protect ...

JTOPTICS Optical Attenuators are used to precisely reduce signal power in fiber optic links, ensuring optimal performance and protecting sensitive optical equipment from signal overload.
