

10 Gigabit Fiber Optic LAN Single-mode Multi-mode

10 Gigabit Fiber Optic LAN Single-mode Multi-mode

The Intellinet Network Solutions 10 Gigabit Fiber SFP+ Optical Transceiver Module (model 507462) is fully hot-pluggable, and that allows you to install the module without rebooting your network switch ...

Code: SF-10GSFPPLCL-000 Genuine Amphenol 10GBASE-SR SFP+ Optical Transceiver Modules provide a high-density, high-performance interface for 10-Gigabit Ethernet and Fibre Channel ...

10G SFP+ Optical Transceiver Modules connect 10G TCVRs and the 10G CBOX with 10G network switches and facilitate stacking MXNET 1G SW24/48 network switches. Available as single-mode, ...

Your network demands instant data transfer. Our 10G Singlemode Dual-fiber Optical Module delivers exactly that. It operates at a blazing 10 Gigabit data rate. This speed eliminates bottlenecks. It ...

The Intellinet 10 Gigabit Fiber SFP Optical Transceiver Module (model 507479) is fully hot-pluggable, and that allows you to install the module without rebooting your network switch for ...

FIBER ETHERNET MEDIA CONVERTER: Extends & converts 10Gbps/1Gbps fiber to RJ45 copper; Supports multimode & singlemode fiber connections & a wide variety of fiber protocols depending on ...

FS 10GbE SFP+ module solutions provide a wide variety of 10 Gigabit Ethernet connectivity options for data centers, enterprise wiring closets, Internet Service Providers (ISPs) applications.

Push your network faster and further with a 10 Gig media converter from Networx®. Media converters are designed to adapt a signal from one type of media (copper ethernet) and convert it to another ...

Featuring low power consumption, these fiber modules are ideal for enterprise LAN networks and other optical links. Please select the fiber cable according to the module type. The multi-mode module ...

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit Ethernet Applications.
