

1570 Optical Power Meter

1570 Optical Power Meter

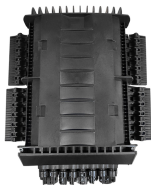

The L-com FOTM-OPM-AH is a handheld, multi-wavelength power meter. The FOTM-OPM-AH features a single channel design, with the ability to handle higher-powered inputs over seven (7) commonly ...

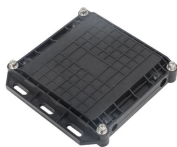

Optical power meter for multi-wavelength fiber network testing and maintenance - GAOTek Add to quote

OPM and OLTS test results can be easily transferred to a Windows PC or Mobile device via USB connection. Fiberizer LT-Sync PC software and Fiberizer Mobile (Android) applications support test ...

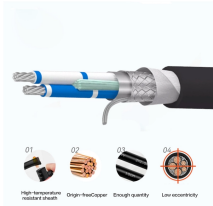

Optical power meters for any network. A range of handheld meters with choice of styles. Best accuracy, flexibility and easy to use.

VIAVI offers fast, cost-effective, and easy-to-use power meters for installation and maintenance of single mode and multimode fiber optic networks and advanced, photonic-layer power meters for lab and ...

FEATURES Versatile Power Testing - Supports coexistence testing of G/E-PON and XGS-PON/10G-EPON services Selective Power Level - Measurement Simultaneously measures power levels at ...

Scalable optical measurement for high-volume photonic testing Keysight optical power meters measure optical signal strength, providing multi-channel measurement processing and system control while ...

Buy YFYIQI CWDM Optical Power Meter Tester for Network Channel Detection with Wavelength Range 1270/1290/1310/1330/1350/1370/1390/1410/1430 ...

With support for 1270 nm and 1310 nm upstream wavelengths, and 1490 nm, 1550 nm, and 1577 nm downstream wavelengths, this meter is ideal for EPON, BPON, GPON, XG-PON, and XGS-PON ...

The Tempo Communications optical power meters and sources can be ordered in various kits for specific applications. Various accessories such as optical adapters, power supply and carry cases ...
