

2-fiber 6-electrical gigabit industrial switch

2-fiber 6-electrical gigabit industrial switch

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

Built for secure industrial automation and a wide range of use cases, these modular switches with PoE options support advanced resiliency protocols and network security features that include Cisco ...

TRENDnet's 6-Port Industrial 2.5G PoE++ DIN-Rail Switch with 10G Ports, model ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

Industrial Ethernet switches offer Gigabit transmission speeds, various connection options, and are built to withstand extreme conditions including drastic temperature changes, electrical interference, and ...

The Sixnet® 6-port Managed Industrial Ethernet Switch enables fast Ethernet connectivity for industrial equipment in extreme industrial settings. Rugged and high-performing with a range of advanced ...

TRENDnet's 6-Port Industrial 2.5G PoE++ DIN-Rail Switch with 10G Ports, model TI-BG50611, delivers network connectivity to rugged environments, while saving you on installation costs and setup time ...

L2+ managed bypass industrial Ethernet fiber switch with 4*10/100/1000M RJ45 ports and 2*100/1000M uplink SFP fiber ports. It can support dual DC power supply input and DIN rail mounting.

It features four 10/100/1000Mbps RJ45 ports for device connectivity and two Gigabit SFP uplink slots for long-distance fiber deployments, making it suitable for distributed industrial networks that require ...

WAGO's range of switches ensures the scalability of your ETHERNET network infrastructure, while providing outstanding electrical and mechanical characteristics. Unmanaged and managed switches ...

This industrial multi-gigabit PoE++ switch features an IP50 rated metal enclosure, delivering network connectivity in rugged environments, while saving you on installation and setup costs with PoE++ ...
