

4-fiber-8-electric hybrid switch

4-fiber-8-electric hybrid switch

Cisco MDS 9000 Family 8-Gbps Fibre Channel Switching Modules deliver intelligence and consistent, predictable high performance to support the most demanding storage applications.

The FLEX8 switch delivers 10/100Mbps symmetrical (full-duplex) and PoE++ (50W) over 4-pair UTP or PoE+ (30W) over 2-pair UTP with 2,000ft (610m) reach, providing substantial power to support ...

Based on the next-generation high-performance hardware and Huawei's Versatile Routing Platform (VRP), the CloudEngine S5735-S-V2 series hybrid optical-electrical switches support enhanced ...

Based on the next-generation high-performance hardware and Huawei's Versatile Routing Platform (VRP), the CloudEngine S5735-S-V2 series hybrid optical ...

Developed for long distance fiber installations. Equipped with eight SFP+ ports, two additional SFP28 ports and one RJ45 console port for configuration. With AXIS ...

Developed for long distance fiber installations. Equipped with eight SFP+ ports, two additional SFP28 ports and one RJ45 console port for configuration. With AXIS D8308 Fiber Aggregation Switch you ...

Product description The new 8 ports 1G/10G desktop Ethernet switch provides seamless network connections, integrating Gigabit Ethernet and 10G Ethernet network via fiber.

Featuring 4× SFP fiber ports and 8× locking RJ45 Gigabit Ethernet ports, it delivers 1000 Mbps full-duplex speed on all ports for seamless, high-bandwidth networking. Built into a 19-inch 1U rackmount ...

It comes with 4 copper cable transmission ports and 1 port for single-mode fiber ...

Featuring 8 SFP module slots, this switch provides flexible connectivity options, supporting both single-mode and multi-mode optical fiber connections. It's ideal ...

It comes with 4 copper cable transmission ports and 1 port for single-mode fiber optic. It provides simple and complex connectivity for multiple Ethernet device, network management, enhanced cyber ...

Featuring 8 SFP module slots, this switch provides flexible connectivity options, supporting both single-mode and multi-mode optical fiber connections. It's ideal for applications requiring long-distance data ...

FL SWITCH 4000 managed industrial PoE Ethernet switches combine Gigabit interfaces with extensive network performance for the most demanding applications. Security features with complete IEEE ...

The RLH Industrial Managed Ethernet Switch offers 4 Gigabit SFP slots, 8 RJ-45 Fast Ethernet Ports, and 16 100Base-FX fiber ports. The high fiber port count makes this a great switch for aggregating ...
