

5-meter optical module

5-meter optical module

100G QSFP28 Active Optical Cable 5m is a 4 channels full-duplex module that supports up to 28.05Gbps per channel and 100Gbps total data rate - AscentOptics.

100G QSFP28 Active Optical Cable 5m is a 4 channels full-duplex module that supports up to 28.05Gbps per channel and 100Gbps total data rate - AscentOptics.

Long- and short-range optical connectivity options are suited to a wide range of data center and campus applications. For the shortest connections, passive copper direct attach cable (DAC) is a simple and ...

The XG-SFP-AOC-xx series cable comes into three models: XG-SFP-AOC1M, XG-SFP-AOC3M, and XG-SFP-AOC5M in lengths of 1 meter, 3 meters, and 5 meters respectively.

Shop DigiKey's large in-stock selection of Fiber Optic Transceiver Modules. View inventory, pricing and order now for same day shipping!

Compared with a solution using 25G optical modules with duplex fiber, an AOC integrates the module and cable into a single unit, eliminating the need to select fiber, offering better compatibility and ...

It has been designed to meet the harshest external operating conditions including temperature, humidity and EMI interference. This product converts the parallel electrical input signals into parallel optical ...

Compared with a solution using 25G optical modules with duplex fiber, an AOC ...

To ensure optimum performance, our multimode fiber duplex cable is individually tested and certified to be within acceptable optical insertion loss limits for guaranteed compatibility and 100% reliability.

With ST to ST connectors, this OM2 fiber patch cable is ready for deployment in any 50/125 network. 50/125 networks support longer cable distances with lower loss than a 62.5/125 networks. This ...

Each module is optimized for different media and reach (ranging from 0.5 meters to 80 kilometers). All interface speeds, from 1G to 400GE have connectivity options that include Direct Attach copper ...

Mouser offers inventory, pricing, & datasheets for 5 m Fiber Optic.

To ensure optimum performance, our multimode fiber duplex cable is individually ...
