

Africa 0-90dB Adjustable Attenuator

Africa 0-90dB Adjustable Attenuator

Rotary variable rf step attenuator can adjust the power level of microwave circuit in step form within a certain frequency range without interrupting the circuit.

Adjustable attenuator: Variable signal strength control. Step attenuator: Precise signal adjustment. RF variable attenuator: Reliable signal management. 0-60dB range: Wide attenuation options. Does it ...

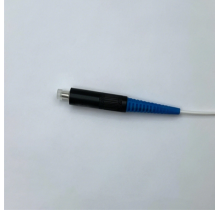

This device provides a variable fine control attenuation in a very wide frequency range and widely used in electronic equipment. RF attenuators divided in fixed and adjustable.

Our RF step attenuator has frequency range of DC to 3 GHz and a maximum VSWR of 1.5:1. This adjustable type N attenuator is rated to 2 Watts at the stated attenuation.

Find many great new & used options and get the best deals for 2W SMA - KK 0-90dB 0-3GHz RF Adjustable Attenuator Digital Step RF Attenuator at the best online prices at eBay! Free ...

	<p>Discover the best Radio Frequency Attenuators in Best Sellers. Find the top 100 most popular items in Amazon Industrial & Scientific Best Sellers.</p>
	<p>Over 400 attenuator models for 50-Ohm & 75-Ohm system including fixed, high-power, digital step / programmable, voltage variable and more! Stocked for shipping.</p>
	<p>Description Previous: No Information Next: Adjustable attenuator SmaN type key step attenuator 3G60dB</p>
	<p>Adjustable Key-Press Attenuator Step-Adjustable RF Attenuator (5W N 0-90dB) Brand: Ohestish</p>
	<p>Our RF step attenuator has frequency range of DC to 3 GHz and a maximum ...</p>
	<p>Find reliable adjustable attenuators with 0-90dB range, stepwise control, and custom options. Compare top suppliers, verify specs, and click to source high-quality RF and fiber optic components today.</p>

Adjustable Key-Press Attenuator Step-Adjustable
RF Attenuator (5W N 0-90dB) Brand: Ohestish
