

## Assembly process diagram of explosion-proof distribution box

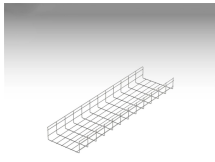

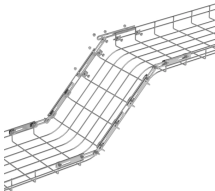

**MPO-MPO** Low Smoke Halogen Free Sheath

Multimode 10 Gigabit 12 pole OM4

Insertion loss <0.35dB Return loss >50dB

## Assembly process diagram of explosion-proof distribution box

 <p>Grid Cable for marine and offshore applications</p>	<p>1. Please specify the number and size of cable entries and sides of the enclosure to be fitted. 2. Electrical schematic diagram shall be provided by user. Photo switch, AC contactor, thermal relay or ...</p>
	<p>Equipped with specialized hinge structure, which can prevent the flameproof joints from damage when opening and closing the panels, and greatly prolong the service life of box. The boxes can be ...</p>
	<p>Explosion proof junction boxes with detachable covers which are secured to the body by high tensile screws. Available in five sizes, these boxes provide a wide range of termination and distribution ...</p>
	<p>Customers often inquire about the internal wiring of explosion-proof distribution boxes. Today, the team at Explosion-proof Electrical Equipment Network shares the following guidelines:</p>
	<p>AGP17 ATEX and IECEx explosion-protected distribution boards are designed for MCB distribution of lighting circuits, heating circuits and socket distribution in Zone 1, 2, 21 and 22 hazardous areas.</p>

EDS bodies and factory sealed cover and device sub-assemblies are available for field assembly (see page 521).

Box type product adopts high quality steel plate welding structure; the main cavity and auxiliary cavity are of up and down structure; wall type installation; bottom inlet, front operation and back overhauling.

The present invention relates to an explosion-proof and flame-retardant distribution box, comprising an electric box main body.

It is the assembly detail of an explosion-proof box for electrical equipment. includes plan, sections, views, details with dimensions and specifications.

**More durable and robust**  
The outer layer is made of environmentally friendly PVC which is soft and elastic. It can be stretched without damage, so you can use it with confidence.

Please select the model according to the “Product Definition” above, and specify all the technical parameters. Please provide the electrical schematic diagram. Pls specify the number, specification and ...
