

Burkina Faso Project Quotation Smart Patch Panel 4 Cores

Overview

Set to achieve commercial operations in Q4 2027, the project is a major pillar in Burkina Faso's national energy policy, which aims to secure and expand access to reliable, low-cost electricity. The PDO is (i) to expand access to affordable broadband, (ii) to improve access to and adoption of selected digitally enabled public services, and (iii) to increase access to digital skills programs. Has the Development Objective been changed since Board Approval of the Project Objective?
