

## Cable tray procurement for a thermal power plant in Mauritius

### Overview

Click on any of the links below to download Tender Documents. The Central Electricity Board (CEB) is a parastatal body wholly owned by the Government of Mauritius and operating under the aegis of the Ministry of Energy and Public Utilities. is accredited to provide cable installation services for Low-voltage and High-voltage (HV & LV) cabling of up to 66kV. Our main clients being the Central Electricity Board (CEB). We take care of the supply, installation and maintenance of power transmission cables both overhead and. Why Cable Trays Matter in Thermal Plants?

Power stations move large currents over long distances. That means thick conductors, high heat, and significant weight. If those cables are badly routed or poorly supported, problems don't show up immediately. They surface later as hot spots, sagging runs. Discover fresh opportunities for Electrical tenders daily and win lucrative contracts across Mauritius. Mauritius tendering authorities release contracts for most of the Electrical products and services. We produce value added quality products in compliance to British Standards on latest European technology for domestic and foreign markets.
