

Core Switch Gigabit Optical Port

Core Switch Gigabit Optical Port

With the trend of high speed Ethernet, 10/40/100Gbps, Edgecore switches offer a complete set of advanced software features that will easily satisfy the demands of enterprises and SMBs everywhere.

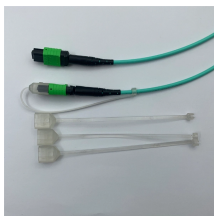

Usually serve as a core switch in large-scale network systems, such as data centers, campus and enterprise networks. High-speed, long-distance data transmission with reduced signal ...

It is usually used as an optical fiber integrated core switch for medium and large network systems, such as small and medium data centers, campus networks, enterprise networks, etc., and high-speed, ...

Core switch for small and medium-sized enterprise networks, with high scalability, efficiency, and manageability, and device-level and link-level reliabilities for stable connectivity.

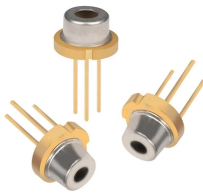

It features 24 Gigabit PoE+ ports (IEEE 802.3af/at) and 24 Gigabit SFP fiber ports, plus 6 10G SFP+ uplinks, offering unmatched flexibility for large-scale wireless ...

This switch is your next leap forward – a powerful, efficient, and cost-effective way to bring 50G, 200G, and 400G into your rack. Quad-core 2 GHz ARM CPU, dual-redundant power supplies and 4x hot ...

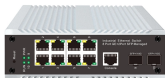

The DXS-3400 Series switches feature a modular fan and power supply design for a high availability architecture. The hot-swappable design means that fans and power supplies can be replaced without ...

It features 24 Gigabit PoE+ ports (IEEE 802.3af/at) and 24 Gigabit SFP fiber ports, plus 6 10G SFP+ uplinks, offering unmatched flexibility for large-scale wireless deployments, high-resolution ...

Explore the 24-Port Gigabit Layer 3 Core Fiber Switch, equipped with 4 Ports of 10G SFP for superior networking. Ideal for high-performance enterprise environments, offering advanced security and ...

Based on Advanced security features and advanced quality of service (QoS), it can be used as a core distribution or access layer switch with high port density, and easy to manage. The managed 10G ...

Our Ethernet network switches with fiber ports comes in managed or unmanaged formats combined with both Industrial and Commercial grades. Utilize our PoE switches to power your Ethernet devices ...
