

Danish Fireproof Tray Cable Trays

Product Wiring Diagram

Danish Fireproof Tray Cable Trays

The Daken Fire-Resistant Cable Tray (DFCT) is a new-generation cable protection system that integrates fire resistance, structural load-bearing capacity, and ventilation into one single solution.

Basor Electric, sensitive to the need to minimize the consequences of a fire, has subjected its cable trays to rigorous fire resistance tests to ensure the behavior of its products.

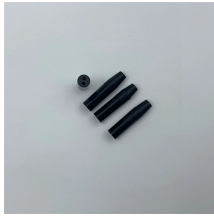

Find out all of the information about the NIEDAX product: fire-resistant cable tray . Contact a supplier or the parent company directly to get a quote or to find out a price or your closest point of sale.

Fire protection solutions to protect cables, cable trays and cable systems. Discover our tested cable coatings and fire protection bandages!

Among its wide range of solutions is a certified cable tray fire protection system. JetBlack® has developed a blanket system that can be fitted around cable trays and protects them in temperatures ...
