

# **Direct from manufacturer Active optical cable**

## Direct from manufacturer Active optical cable

Pivotal Optics' Active Optical Cables (AOCs) are fully integrated, plug-and-play fiber assemblies designed for short- to medium-range high-speed data links—without the need for separate transceivers.

USource is leading manufacturer OEM ODM Carrier-Grade of high speed Active Optical Cables in SFP QSFP QSFP-DD form factor, which supports data speed of 10G 25G 40G 56G 100G 200G 400G.

L-com provides a variety of active optical cables (AOCs) for your most challenging and demanding applications. We offer optical cables in SFP+, SFP28, QSFP+, breakout QSFP+, QSFP28, and ...

With Corning Active Optical Cables (AOCs), you can create, move and manage your data and video content in a more durable, flexible, and efficient manner. Compared to copper cables, Thunderbolt™ ...

AMPCOM AOC (Active Optical Cables) and DAC (Direct Attach Cables) provide cost-effective, plug-and-play connectivity for data centers, HPC, and enterprise networks. Supports ...

As a leader in OEM and ODM services, we provide cutting-edge products for next-generation connectivity. Our revolutionary Active Optical Cable (AOC) and Fiber Optical Transceiver solutions.

AMPCOM AOC (Active Optical Cables) and DAC (Direct Attach Cables) provide cost-effective, plug-and-play connectivity for data centers, HPC, and enterprise ...

Designed to support data rates from 12G to 400G, AOCs integrate fiber-optic transceivers directly into the cable to provide faster transmission, longer reach, and improved signal integrity ...

Our active optical cable assembly portfolio provides greater cable flexibility and longer reach, as compared to both traditional passive copper solutions and emerging active copper (ACC/AEC) ...

Fiberlink is the premier choice for sourcing Fiber Optical HDMI, USB, DisplayPort, DVI, AR & VR Headset Cables and Toslink cables, providing unmatched quality and reliability for high-definition ...
