

## Explosion-proof alternative solution for AC to DC power supply

### Overview

Our heavy duty switch-mode power supplies have been developed to cater for high performance, cost-effective power conversion requirements that meet the unique needs of ruggedised applications. MORNSUN has released the explosion-proof 120W and 240W AC/DC DIN Rail Power Supply to its high-reliability LIMF-EX Family. 0016X), ATEX explosion-proof certification (No. : TPS 23 ATEX 105228. The increasing use of electronics for use in harsh and extreme environments require power solutions protects itself from harsh external conditions while providing reliable, continuous power. ETA-USA line of customizable ruggedized AC/DC conduction cooled power supplies with a base IP 65 design that. Discover our ATEX 24V AC/DC distribution range. Specially designed for potentially explosive environments. We offer a wide variety of units designed to comply with the most demanding military standards MIL-STD-704, MIL-STD-810 and MIL-STD-461. Neeltran, designs and builds its own rectifier-transformers and rectifiers. This ability allows us to understand the extreme duty a hazardous location.

## Explosion-proof alternative solution for AC to DC power supply

Adapted to the most extreme conditions, our equipment guarantees efficient power distribution while minimizing the risk of fire or explosion. To find out more about our 24V AC/DC hazardous area ...

We offer bespoke explosion proof battery enclosures, complete with batteries for Hazardous areas with potentially explosive atmosphere.

For over 40 years we have been designing and manufacturing COTS and custom Military-Grade AC-DC power supply solutions for air, ground and naval applications. We offer a wide variety of units ...
