

Fiber Optic Cable Blowing Machine Manufacturing

Overview

Fiber Optic Cable Blowing Machines are now a necessity for getting fiber optic cable in innerduct or HDPE duct in the ground without digging or trenching. These machines blow the cable into the duct using air or motor with the result of fast and damage free. FREMCO IS ISO 9001 CERTIFIED AND THE FIRST MANUFACTURER OF FIBER BLOWING MACHINES WHO OFFERS EXTENDED WARRANTY UP TO 60 MONTHS. Configuration and installation with our machines can be deployed without any usage of tools. Jetting delivers advanced fiber blowing machines designed for high-speed deployment. Fiber optic cable blowing isn't a new technique for cable installation. It has been in use since the late 1990's. There is a 9hp (Honda Gx270) gasoline engine.

Fiber Optic Cable Blowing Machine Manufacturing

Find your fiber optic cable blowing machine easily amongst the 20 products from the leading brands (THALER, Vetter, Bagela Baumaschinen, ...) on DirectIndustry, the industry specialist for your ...

Air blowing fiber, also known as jetting fiber, is an efficient way to install fiber optic cable and facilitates future expansion of optical fiber networks. Fibers can be installed in areas that are hard to reach or ...
