

Fiber Optic Splice Box 96

Fiber Optic Splice Box 96

This 2 in 2 out 96 core horizontal fiber splice closure is a sealed enclosure, which is specially designed to provide reliable and long lasting protection for optical fiber splice and joint.

Baudcom Fiber Optic Splice Closures is one of the main equipment for user access points, applied for protective connection and distribution between two or more cables.

It offers a splice capacity of 96 fibers and supports 1x8, 1x16, and 1x32 PLC splitters for versatile signal distribution. Constructed from rugged PC + ABS with an IP54 rating, this lockable enclosure protects ...

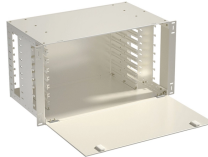

Fiber splice horizontal enclosure includes 4 trays and accommodates up to 96 fiber cables for outdoor use. Rated IP68 for protection from dust and water up to 1.5 m.

Fiber splice horizontal enclosure includes 4 trays and accommodates up to 96 ...

Can orderly store fiber connector and remaining fiber, in which the storage disc ...

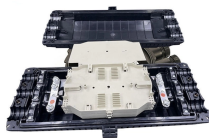

The SP-GJS303 can accommodate up to 6 12-fiber splice trays. The closures employ gasket-sealing technology that enables ease of installation and re-entry requiring no special tools.

Explore reliable optical fiber splice closures for network deployment. Our closures prioritize reliability, installability, and flexibility.

With 2 inlets and 2 outlets, this fiber optic joint box is designed for reliable and efficient fiber optic connections. It ensures durability and stability, making it an ideal choice for various fiber optic ...

optical splice closures are used to distribute, splice, and store the outdoor optical cables which enter and exit from the ends of the closure. There are two connection ways: direct connection and splitting ...

Can orderly store fiber connector and remaining fiber, in which the storage disc can be up to four layers large capacity, and it can be adjusted according to the number of cores connected by the optical cable.

The 96 core fiber splice closure integrates the function of distribution, splice, and storage of outdoor optical fiber cable (ofc), and can be used in aerial, duct, pole mounting, wall mounted, underground ...
