

# Fiber Optic ground wire backup clamp

## Fiber Optic ground wire backup clamp

	<p>FDC-CABLE-GRND Armored Cable Grounding Kits                  Contains armored grounding clip and ground strap                  Typically ships in 28 day (s) Actual lead time confirmed upon receipt of order.</p>
 <p>Length:25mm                  Small-end inner diameter:3.5mm                  Large-end inner diameter:4.0mm                  Outer diameter:6.0mm</p>	<p>The FIBERLIGN Ground Clamp has parallel grooves designed to capture and bond OPGW to the structure ground wire. The aluminum alloy clamps include oxide inhibitor in the grooves and a bolt, ...</p>
	<p>CommScope designs and manufactures a variety of Fiber Cable Clamps and Grounding Kits</p>
	<p>The safety backup clamp for optical cable can design products and construction scheme according to the technical parameters of optical cable and the type of suspension connection of the original line.</p>
	<p>Downlead clamps are used to guide optical ground wire (OPGW) from the top of the structure to the splice box. GL FIBER's downlead clamps install easily, provide proper spacing and hold strength ...</p>

Get the price, packing, free sample and more now! ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions—including stainless steel, nylon, and ...

Wilton 16 Inch Heavy Duty F-Clamp (GSM40)  
\$105.99 ON BACKORDER Call for availability

Aerial Hardware Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support.

A fiber optic grounding clamp is a specialized device designed to connect fiber optic cables to grounding systems. Its primary function is to dissipate surge voltages caused by lightning strikes ...

Aerial Hardware Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line ...

AFL download clamps are used to guide optical ground wire (OPGW) from the top of the structure to the splice box. AFL's download clamps install easily, provide proper spacing and hold strength without ...
