

Fiji Aluminum Alloy Distribution Box Explosion-proof

Fiji Aluminum Alloy Distribution Box Explosion-proof

Copper-free cast aluminum construction - high strength, lighter in weight, and corrosion resistant. Fewer cover bolts - computer-aided design lessens the number of cover bolts by eliminating corner bolts.

The outer casing of the product is cast aluminum alloy ZL102. Adopting one-time die-casting process, the surface is smooth, the appearance is beautiful, the internal structure is high in density, the impact ...

The distribution box (explosion-proof) is an aluminum alloy housing, electrostatic spraying, in accordance with the explosion-proof provisions of GB3836.2-2000, for the distribution of electric ...

The Huigejia explosion-proof distribution box is constructed from a durable aluminum alloy, integrating power, lighting, and power supply maintenance control. It has passed the national CCC explosion ...

Our main products are explosion-proof lightings, explosion-proof distribution box, explosion-proof cable gland, explosion-proof fans, explosion-proof junction box and anti-corrosion & dustproof & waterproof ...

Alloy Industry Co., Ltd. has continuously engaged in manufacturing and exporting business both domestically and internationally. And now is the leader in the explosion proof equipment market.

These enclosures are designed to contain regular industrial electrical components or equipment on the mounting plate like fuses, transformers, circuit breakers, relays, PLC etc. and to be fully integrated in ...

The enclosures are certified Ex d IIB+H2 and Ex tb as well as "explosion-proof". They are available in many sizes, a wide range of operating elements and monitoring functions can be integrated. They ...

Discover efficient aluminum explosion proof distribution box solutions designed for optimal power distribution. Enhance your operations with reliable, durable equipment tailored to your needs.
