

Floor busbar connection posts

Overview

The type of busbar seen in many offices is a power distribution system. It looks like a metallic track featuring a series of plug sockets that are used to feed the building's mains power to wherever electricity is.

Floor busbar connection posts

Theft deterrent busbar that mounts on a standard Schedule 40 ice bridge pole (3.5" or 88.9 mm nominal outer diameter) and provides a path to the buried ground ring via a connection to the post.
