

Fully Automatic Fiber Optic Adapter Machine

Fully Automatic Fiber Optic Adapter Machine

Jul 9, 2024. The VEVOR fiber fusion splicer is a top choice for quickly joining fiber optic cables. This splicer can automatically complete the entire splicing process in 8 seconds.

Gtlan's automatic fusion splicer allows you to perform a large number of fusions in a short period of time. Thanks to its core feed, losses in your O.F. installations will no longer be a problem.

HOC fully automatic 6 core alignment fiber optic splicing machine, with built-in power, power meter and VFL. Mobile App and cloud storage management is supported.

The M5 Fiber Optic Fusion Splicer is an intelligent, fully automatic fusion tool engineered for fast, accurate, and reliable splicing of SMF, MMF, DSF, and NZDSF fibers.

Designed for telecom professionals, FTTH installers, and network engineers, this machine delivers ultra-fast splicing speeds (≤ 6 seconds) and low loss rates, ensuring reliable connections in any environment.

We are experts when it comes to fiber optic fusion splicers. We carry all major brands in stock and ready to go.

Brimming with precision, our Fusion Splicer is a true marvel in its realm. Outfitted with advanced image processing technology and precision positioning systems, this device is crafted to automatically ...

Fusion splicers are essential for creating low-loss, high-performance fiber optic connections in telecom, FTTH, and data center applications. The best splicers offer core alignment, ...

The M5 Fiber Optic Fusion Splicer is an intelligent, fully automatic ...

Shop fiber fusion splicers designed for FTTH and telecom applications. Get reliable equipment with fast splicing times and comprehensive accessories included.

We distribute fiber optic splicing equipment from Corning, AFL, Sumitomo, 3M, 3SAE, Fitel and more.
