

High-Temperature Resistant Male Connectors for Outdoor Use

Overview

The single keyway A-code M12 connectors are IP67 rated when mated and are excellent for lock-down applications. All cables have moisture and sunlight resistant jackets. For Electrical Wire Interconnect Applications Adjacent to High-Temperature Heat Sources such as Engines and Power Supplies Extreme. Molex delivers sealed interconnects designed for industrial-grade durability, long-term reliability and fast, secure assembly, helping to ensure reduced downtime and lower maintenance costs. It is important to note that the BT-M series is divided into two categories. The first category, BT-M, utilizes a MS-R type silicone grommet and. The D Series delivers industry-leading performance featuring simple push-button latching and a "D" shaped flange which makes mating orientation obvious. The HARTING catalog offers a wide range of Industrial connectors / Han®, Rectangular connectors, Series, Han® High Temp for extreme temperatures up to 200 °C and many more products for electronic devices.

High-Temperature Resistant Male Connectors for Outdoor Use

Glenair ThermaRex interconnect solutions are designed to survive and excel in high continuous operating temperature application environments up to 600°C. For Electrical Wire Interconnect ...

The HARTING catalog offers a wide range of Industrial connectors / Han®, Rectangular connectors, Series, Han® High Temp for extreme temperatures up to 200 °C and many more products for ...

This connector series features rear removable crimp type contacts to ease assembly procedures and provides very little change in millivolt drop (contact resistance) during and after exposure to high ...

This week's Product Roundup highlights high-temperature connector products rated for maximum operating temperatures of +125°C or higher and well suited for use in industrial, ...

Discover Extreme Temperature connectors with Mil-Spec and EN compatibility. These rugged plug and receptacle configurations meet MIL-DTL-83723 and EN2997 standards, ensuring reliable ...

The single keyway A-code M12 connectors are IP67 rated when mated and are excellent for lock-down applications. All cables have moisture and sunlight resistant jackets.

Our automotive connectors are built to withstand harsh conditions of highway and off-road transportation. Our computer connectors include our card edge connectors ...

This week's Product Roundup highlights high-temperature connector products rated for maximum operating temperatures of ...

Our automotive connectors are built to withstand harsh conditions of highway and off-road transportation. Our computer connectors include our card edge connectors and sockets which ...

Find your high-temperature connector easily amongst the 43 products from the leading brands (Hirose, Stäubli, Smiths Interconnect, ...) on DirectIndustry, the industry specialist for your professional ...

Choose from our selection of high-temperature wire connectors, including over 200 products in a wide range of styles and sizes. Same and Next Day Delivery.

Molex specializes in durable, IP-rated harsh environment connectors designed to withstand water, dust, chemicals, and extreme temperature in demanding conditions.
