

How much does a Sudanese fiber optic splice closure cost

Overview

Splice closures, enclosures, splice trays, and fiber protection sleeves are not labor - they are materials billed separately. Fusion Splicer: This is the primary tool for fusion splicing, and its cost can range from \$3,000 to \$15,000 or more, depending on the model and features. High-end models offer advanced features such as automatic alignment and real-time splice loss estimation. The "per splice" rate is the most. I usually bill T&M, but it works out to about \$175-250 for setup/teardown per site and \$4-7 per fiber for prep in a new tray in an existing case and splicing depending on if it's flooded or dry cable. Add another \$50-75 to prep a new case endspan or \$100-150 for a new case midspan with overcut on. Buyers typically pay for fiber optic cable by length, fiber type, and installation complexity. Splicing Services - Enclosure Prep. If the minimum labor work figured is not met, then.
