

Huawei Factory Cable Tray Installation

Overview

Secure the interconnecting metal cable tray to the crossing position of adjacent pre-fab. The installation methods for these two cable trays are the same. (2) When the cable tray intersects with electrical equipment, the clear distance during this period shall not be less than 0.

Huawei Factory Cable Tray Installation

Proper planning for installing cable tray includes calculations based on loading, support systems, cable/wire fill and spacing, conductor types, securing of the cables and wire, and proper grounding ...

Before replacing the fiberglass cable tray, it is necessary to hold a meeting to discuss. At the same time, a relatively strict construction plan and safety measures need to be formulated, and then reviewed by ...

(Optional) Installing Indoor Cable Trays For details, see the Indoor Cable Tray Installation Guide.

Cable trays are used to facilitate maintenance and cabling of interface modules. One controller enclosure requires one cable tray. Cable trays are used to facilitate maintenance and cabling of interfac

Layered installation is used as an example to illustrate the installation method. Screw the cable tray supports at the coated positions on the cable trays. Secure cable trays to cabinets.

Cable trays are used for housing cables of the high-density disk enclosure. Each high-density disk enclosure has one cable tray. Cable trays are used for housing cables of the high-density disk enclosure.

Weak and heavy current cables must be separated. Bind weak current cables inside the cable tray, and bind the heavy current cables outside the cable tray.

Align the connectors with the fixing points for cable trays, partially tighten the bolts, and then fully tighten all bolts. Verify that cable trays are securely installed without obvious gaps in between.

Prerequisites Determine the position and mode (combined or layered) for installing cable trays based on the actual installation environment.

For details, see the Indoor Cable Tray Installation Guide.
