

## Huijue Switch 2-to-4 Optical

## Huijue Switch 2-to-4 Optical

Continuous research and development, participation in industry standards, and understanding of market trends and key influencing factors have enabled Huijue to be at the forefront of optical connection ...

Established in 2001, Shanghai Huijue Network Communication Equipment Co., Ltd (HJ Network for short) is the leading manufacturer and solution provider for telecom and communication products.

Features Wide Wavelength Range Low Crosstalk High Stability, High Reliability Epoxy-free on Optical Path

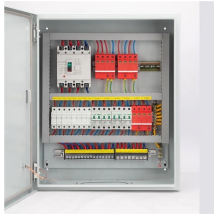

This 2x4 type optical switch has low insertion loss, low driving power, compact size, and fast switching speed. The switch is designed for use in optical fiber communication networks and measurement ...

The MX2M-4OPTJ-OB is an HDMI 2.0 output board for the MX2M matrix, providing four optical SC connectors for flexible, long-distance signal transmission and offering features like audio embedding, ...

2X4 Optical Matrix Switches allow simultaneous connection between 2 inputs and 4 output fibers, in a fully non-blocking, all-optical, cross-connect configuration.

The switch consists of two ports that selectively transmits, redirects, or blocks optical power in a fiber optic transmission line. The optical switch must be actuated to select or change between two states.

Shanghai Huijue Network Communication Equipment Co., Ltd. is a China-based supplier and exporter of integrated cabinet, optical fiber joint enclosure and related products. Source directly from global ...

GEZHI Photonics' 4x4 Mechanical Fiber Optic Switch (4x4 Optical Switch) support all wavelength at 1260nm~1650nm or 850nm Multimode wavelength, it offers ultra-high reliability, low insertion loss, ...

XYT-TECH Sharetop 2x4 Optical Switch is famous for its small volume, reliable performance, simple control mode. It is an ideal Component for OADM, OXC, system monitor and protection.
