

Intelligent Audio-Visual-Electronic Fusion Server

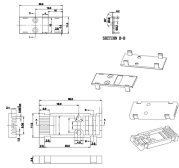

Intelligent Audio-Visual-Electronic Fusion Server

The document describes an intelligent fusion server that integrates deep learning algorithms for analyzing pictures and videos. It can concurrently analyze up to 30 channels of video for functions ...

The intelligent fusion server adopts NVIDIA ® Tesla ® P4 accelerator, integrates intelligent face algorithm based on deep learning, and integrates analysis, storage and application as one.

DS-IX2001-A7U/LX Intelligent Fusion Server ms of picture and video structuralization. It is a colle tion of analysis, storage and application. By recognizing, analyzing, modelling and comparing pictures of ...

INTELLIGENT definition: having good understanding or a high mental capacity; quick to comprehend, as persons or animals. See examples of intelligent used in a sentence.

intelligent, clever, alert, quick-witted mean mentally keen or quick. intelligent stresses success in coping with new situations and solving problems.

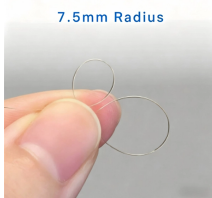

Intelligent fusion server, equipped with professional GPU card, integrates deep learning-based algorithms of facial analysis, picture structuralization and video structuralization. It combines ...

Intelligent means smart, or having the ability to process and understand information (including dictionary definitions). Intelligent comes from a Latin word meaning "to understand, to gather," and intelligent ...

In view of the above problems and needs, the present inventors have conducted research and improvement on an instant messaging system and a communication method based on experience of ...

Intelligent fusion server (hereafter referred as the sever), equipped with professional GPU card, integrates deep learning-based algorithms of picture structuration and video structuration.

A server that provides units outside the analysis and control element with remote capability for automated intelligence collection and management functions. It serves as a robust intelligence data ...

FCC compliance: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide ...

intelligent definition: having high mental capacity or quick understanding. Check meanings, examples, usage tips, pronunciation, domains, and related words. Discover expressions like "intelligent ...

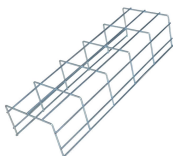

A server that provides local and remote analysis capability for intelligence collection and management functions. It serves as a robust intelligence database management system and ...

Having or showing an alert mind or high intelligence; bright, perceptive, informed, clever, wise, etc. Showing sound judgment and rationality. An intelligent decision; an intelligent solution to the ...

INTELLIGENT definition: 1. showing intelligence, or able to learn and understand things easily: 2. showing intelligence.... Learn more.

Definition of intelligent adjective in Oxford Advanced Learner's Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

By recognizing, analyzing, modelling and comparing pictures of faces, human bodies or vehicles, the intelligent fusion server can perform functions as list alarm, ...

[more intelligent; most intelligent] : having or showing the ability to easily learn or understand things or to deal with new or difficult situations : having or showing a lot of intelligence

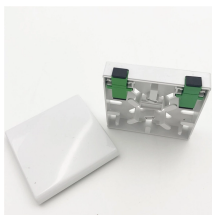

Intelligent fusion server (hereafter referred as the sever), equipped with professional GPU card, integrates deep learning-based algorithms of facial analysis, picture structuralization and video ...

The server enables device filter function by default, and you can access to the server via its IP address only. If you have configured port mapping, please disable the device filter function in ...

1. having good understanding or a high mental capacity; quick to comprehend. 2. displaying quickness of understanding, sound thought, or good judgment: an intelligent reply. 3. having the faculty of ...

A person or animal that is intelligent has the ability to think, understand, and learn things quickly and well. Susan's a very bright and intelligent woman who knows her own mind. ...lively and intelligent ...
