Low-loss optical cable fault locator for mining

The HTO9V21 Visual Fault Locator (Pen-Type) is a compact and cost-effective tool for detecting faults and verifying fiber continuity. Its bright 650 nm laser accurately identifies breaks, bends, and poor ...

This type VFL is specially designed for field personnel who need ...

This type VFL is specially designed for field personnel who need an efficient and economical tool for fiber tracing, fiber routing and continuity checking in optical networks.

Fault Wizard is a portable, user-friendly system for URD primary cable fault location. Using arc-reflection technology it includes Hi-Pot (10kV), HV TDR and cycle (thumper) modes for pinpointing faults in ...

Discover the AFL VFI4 Visual Fault Identifier, a compact and rugged tool designed for fiber optic technicians. With a 650 nm red laser, 10 km range, and universal connector compatibility, it quickly ...

When you're troubleshooting fiber optic cables, you'll need the right tool to locate breaks and faults quickly. Visual fault locators (VFLs) use red laser light to identify problem areas in your ...

Whether you're troubleshooting fiber optic cables in the field, testing a new installation, or maintaining an existing network, our high-quality VFLs and multi-function testers provide reliable and efficient fault ...

Pinpoint fiber faults and identify cables in seconds with our smart optical cable locator - non-destructive, multifunctional, and cloud-connected for ultra-efficient field operations.

FS offers 1mW, 1.3mW, 10mW, 20mW and 30mW visual fault locator for locating faults and verifying continuity and polarity. Order FS VFL with fast shipping now!

With a pocket-size pen-style design, this visual fault locator can easily be carried anywhere. Thanks to its anodized aluminum casing, this long-lasting and lightweight tool is the complementary tool of ...

The Visual Fault Finder is a visible laser light source used to check continuity, locate breaks, poor mechanical splices and damaged connectors in fibre optic cabling.
