

North Africa Optical Module Distributor Recruitment

All-Optical Backplane

- Zero fiber connections at the optical layer, three layers of dustproof design, and stable running for 20 years
- Innovative multi-level dustproof and optical port alignment technologies, ensuring high reliability

Many-Degree WSS

- 32 degrees, non-blocking flexible grooming
- Contentionless, OA-free, high reliability, 3x wavelength dropping efficiency compared with traditional boards

Digital Optical Layer

- Use of OFDM pilot tone and high-precision wavelength monitoring technologies to visualize the fiber quality, wavelength resources, and performance of the OXC system, achieving digital O&M
