

Number of user distribution boxes

Overview

YES, the maximum number of distribution group members are 100,000 members. You can refer to Exchange Online limits - Service Descriptions | Microsoft Learn. The limits in Microsoft Exchange Online fit into one of the following categories: The limits applied to a Microsoft 365 organization may differ depending on how long the organization has been enrolled in the service. Number of groups created by a single user/admin: Managing contact groups in Outlook can sometimes be challenging, especially when you need to know the number of members in a distribution list. Outlook doesn't offer a built-in feature for this, leaving many users unsure of how to quickly get an accurate count. This service is fully integrated with Azure Active Directory (AAD). For active employees. The primary purpose of a distribution list is to send emails to multiple recipients - yes, as simple as that.

Number of user distribution boxes

This is the maximum number of recipients that a user or mailbox can send to in a 24-hour period. These limits are applied per user to all outbound and internal messages.

If you or someone in your organisation sends email to a lot of users at once, you can send to a distribution group so you don't exceed the maximum number of recipients per message.

MTP MPO SC-Type Fiber Adapter

Managing contact groups in Outlook can sometimes be challenging, especially when you need to know the number of members in a distribution list. Outlook doesn't offer a built-in feature for ...

For your question "Is there a limit on number of members you can have in a group/distribution list ?" YES, the maximum number of distribution group members are 100,000 ...

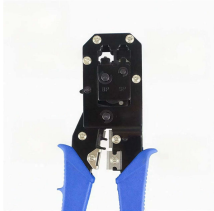

Microsoft 365 Groups are similar to distribution groups in that they allow you to communicate with multiple people in one email message, and they also come with a shared mailbox, calendar, ...

In this case, each plan allows one user to create up to 250 instead of 300,000 distribution lists. A complete summary of distribution list limits is available [here](#).
