

# OTDR Multifunctional Tester for Fiber Optic Breakage Detection Instrument

## OTDR Multifunctional Tester for Fiber Optic Breakage Detection Inst

GAOTek offers fiber OTDR machines that are affordable and durable for everyday use by technicians needing reliable OTDR fiber testers.

Built for field reliability, this portable OTDR tester combines multiple fiber testing tools into a single rugged platform, allowing installers and maintenance teams to perform accurate fiber diagnostics ...

Multi-functional OTDR fiber optic tester is suitable for the detection of bare fibers, ...

It integrates of OTDR, Visual Fault Location, Event Map, Optical Power Meter, Light Source, multi-functions to help customers efficiently solve the field test and maintenance; Intelligent power ...

Multi-functional OTDR fiber optic tester is suitable for the detection of bare fibers, fiber optic patch cords, and other fibers that can leak red light, near-end fault points of fiber optic cables, and high loss areas ...

Featuring a large 7-inch color touch screen and a highly integrated platform, the FHO5000 supports multiple wavelength and dynamic range configurations with built-in OTDR, Visual Fault Locator ...

With 7-inch touch screen, this multifunctional OTDR Fiber Tester -- OTDR, OPM, VFL, OLS, Event Map (IOLM), is able to meet your FTTX testing needs.

Jonard Tools' Multi-function OTDR is the perfect all-in-one handheld device for evaluating FTTx and access network construction and maintenance, identifying fiber breakpoints, measuring cable length, ...

Fluke Networks OptiFiber® Pro OTDR built for enterprise fiber optic cabling certification testing. It supports copper certification, fiber optic loss, OTDR testing and fiber end-face inspection.
