

Optical cable Gyta-8b

Optical cable Gyta-8b

Purchase FIBERHOME GYTA-8B1.3 stranded outdoor armored fiber optic cable, 8-core single-mode with aluminum tape armor. Ideal for carrier-grade overhead and pipeline telecom networks.

The structure of GYTA optical cable is that single-mode or multi-mode optical fiber is sheathed in a loose tube made of high modulus polyester material, and the tube is filled with waterproof compound.

The factory covers an area of 50 acres and has a total of 12 production lines. We specialize in producing and selling products in the three major fields of fiber optic communication, integrated cabling, and ...

8 Core GYTA Optical Fiber Cable for Telecommunication, Find Details and Price about Cable HDMI Cable from 8 Core GYTA Optical Fiber Cable for Telecommunication - Hongan Group Corporation ...

High-performance outdoor optical cables with metal strength members and aluminum-polyethylene adhesive jackets, suitable for various outdoor communication network constructions

GYTA fiber optic cable incorporates a robust metal strengthening element, a loose tube filled with a waterproof compound, and an aluminum-polyethylene bonded sheath. The optical fibers, whether ...

8 Core GYTA Optical Fiber Cable for Telecommunication, Find ...

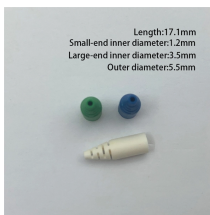

This GYTA cable features steel tape armor beneath the outer sheath, providing crush resistance, rodent protection, and superior tensile strength. Whether it's installed in direct burial, aerial, or duct ...

After cabling, the additional attenuation of optical fiber is close to zero, and the dispersion value has no change. Excellent environmental performance, applicable temperature range from -10°C to +70°C.

This fiber optic cable features the good mechanical and temperature performance. 8 Cores GYTA Fiber Optic Cable is with high strength loose tube that is hydrolysis resistant and the optical cable filling ...

GYTA is with high strength loose tube that is hydrolysis resistant and the optical cable filling materials ensure high reliability, its APL makes the cable crush resistant and moisture proof. The GYTA fiber ...
