

Optical cable Gyta6 diameter

Optical cable Gyta6 diameter

With small cable diameter, light cable weight, easily to lay. The jacket also can be made of HFFR, which cable model is GYTZA. Operating Temperature : -40 ~ +60 C. G652D SM fiber, detailed specification ...

Main products are optical fiber cables, data cables, communications cables etc. Its yearly productive capabilities are 4 million core kilometers, 0.5 million boxes, and 6 million pair kilometers respectively.

If you need any technical support, we will also recommend the most suitable and cost-effective customized ADSS fiber optical cable for you according to the use environment, laying method and ...

GYTA outdoor fiber optic cable, is also called multi loose tube aluminum polyethylene laminated tape external cable, is consisted of 250um fibers held in oil filled PBT loose tubes wrapped around a ...

GYTA fiber optic cable incorporates a robust metal strengthening element, a loose tube filled with a waterproof compound, and an aluminum-polyethylene bonded sheath. The optical fibers, whether ...

GYTA is with high strength loose tube that is hydrolysis resistant and the optical cable filling materials ensure high reliability, its APL makes the cable crush resistant and moisture proof. The GYTA is ...

Tubes (and fillers) are stranded around the strength member into a compact and circular cable core. An Aluminum Polyethylene Laminate (APL) is applied around the cable core, which is filled with the ...

Loose tube stranded armored fiber optic cable (GYTA) The optical fiber is 250µm, the loose tube is made of high modulus plastic, which is filled with waterproof compound.
