

Quotation for 100G optical receiver

Overview

Mouser offers inventory, pricing, & datasheets for 100 Gb/s Transceivers Fiber Optic Transmitters, Receivers, Transceivers. QSFP28 optical transceiver has become the main packaging method for 100G network due to its advantages such as high port density, low power consumption and low cost. Our operation team are experts with many years' experience in the optical communication industry.

Quotation for 100G optical receiver

Simply fill in your requirement below to get your free, no obligation quotation today! Your inquiry will be replied within 12 hours, and we respect your privacy.

Find top wholesale 100g optical transceivers with bulk pricing. Get high-speed, reliable fiber modules for data centers. Click to explore verified suppliers and secure your order today.

Before shipment, We will code the optical modules or DAC/AOC ...

As experts in all things optics, Precision OT ensures your unique networking needs are met. We offer a wide variety of 100G pluggables to meet both your current and future network architecture ...

Explore the details, specifications and video of our 100G Optical Transceiver, and order high-quality 100G Optical Transceiver from our factory directly at competitive pricing.

100 Gb/s Transceivers Fiber Optic Transmitters, Receivers, Transceivers are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for 100 Gb/s Transceivers Fiber Optic ...

Before shipment, We will code the optical modules or DAC/AOC cables, and then test them on the corresponding switches to ensure that our products are 100% compatible with your system.

100G QSFP28 transceivers are high-speed, compact optical transceivers designed for data centers, enterprise networks, and high-performance computing environments. ...

High-quality 100G QSFP28 850nm transceiver compatible with MTP/MPO-12 MMF. Up to 100m reach with DOM for superior performance.

Coherent Optical Receivers are designed for 100 Gb, 200 Gb and 400 Gb fiber optic communication systems. Optical Dual Polarization QPSK (DP-QPSK) and 16 QAM modulation formats are detected ...

The 100G LR1 SFP56-DD optical transceiver, 100G SFP56-DD LR1 is designed for using in 100-Gigabit Ethernet links up to 10km over Single-Mode Fiber (SMF). It is compliant with the SFP56-DD ...
