

RF Adjustable Attenuator Self-operated

RF Adjustable Attenuator Self-operated

You can narrow down the list of attenuators based on type, frequency, attenuation range, power and other parameters. Once you find a list of products that meet your specification, you can view ...

Discover Bird's reliable RF attenuators, engineered for performance from 2 W to 4,000 W. Find the perfect fit for your application with expert guidance.

Nooelec SMA Attenuator Kit - Bundle of 6pc 2W 50 Ohm SMA in-Line Attenuators Provides Highly Linear Attenuation from 1dB to 42dB in 1dB Increments. 1dB, 2dB, 3dB, 6dB, 10dB

We offer a robust portfolio of in-stock, adjustable RF attenuators and phase shifters for multiple applications, including test instrumentation, cellular communication, wireless communications, ...

Question: What is an RF attenuator and how do I select the right one for my application? Answer: The attenuator is a control component, the main function of which is to reduce the strength of the signal ...

Grid Cable for marine and offshore applications

Explore Bracke Manufacturing's in-stock RF attenuators, including fixed, variable, rotary, toggle, and high-power models. Designed for low VSWR and reliable performance across lab, test, and RF ...

ADIsimRF is an easy-to-use RF signal chain calculator. It calculates Cascaded Gain, Noise Figure, IP3, P1dB and Power Consumption. The number of stages can be varied up to a maximum of 20. Stages ...

Frequencies range from 1MHz to 50GHz. Digital attenuators are available with up to 7-bits and 0.25dB steps. Please use the Attenuator search below to select your product, or call us for availability and ...

Variable RF attenuators reduce signal strength while preserving signal integrity, making them crucial in RF testing and system protection. They provide adjustable attenuation to control power levels in ...

Over 400 coaxial, surface mount, and MMIC attenuator models for 50-Ohm & 75- Ohm syetem including fixed attenuators, high-power attenuators, digital step / programmable attenuators, voltage variable ...
