

Swiss Commercial-Grade Optical Module Manufacturer

Overview

SwissOpticAG, a company of the Berliner Glas Group, develops and manufactures coated precision optical components, modules, assemblies and systems. We use cookies and process personal data for the. For more than six decades, FISBA has been a trusted partner in transforming ambitious optical ideas into tangible solutions. Gallen, Switzerland and serving customers across Europe, North America and Asia, we bring together Swiss engineering know-how and a wide spectrum of. Multiple machines and techniques available in ISO-6 packaging facility: Wire bonding: Our semi-automatic machines are equipped with multiple heads: wedge-wedge, ball-wedge & ribbon bonding. We support companies in mechanical engineering, medical technology, aerospace, as well as the luxury. Our OEM-customers around the globe are leaders in.

Swiss Commercial-Grade Optical Module Manufacturer

FISBA designs and produces precision optics that deliver exceptional performance and reliability. From custom lenses to complex multi-element systems, we ensure high-quality imaging and efficient light ...

Comtra Engineering GmbH is a Swiss engineering and trading company focused on automation and process instrumentation for industrial applications - particularly in the chemical industry.

High-Precision Optical Systems. The SwissOptic AG is a company of the Jenoptik Group. SwissOptic is based in Switzerland - your long-term and trusted partner along the entire value chain - from concept ...

Rear of the optical fiber distribution box

FiberOptic is a Swiss fibre technology manufacturer, based in Spreitenbach near Zürich. We specialise in the manufacturing of custom and standard solutions for light guides with a variety of fibres.

SwissOpticAG, a company of the Berliner Glas Group, develops and manufactures coated precision optical components, modules, assemblies and systems. The range of services and products ...

Bridging photonic innovation to market-ready modules with advanced packaging and integration services - from first concept to scalable product. Industrial processes for the entire photonic assembly with ...

Die SwissOptic AG steht für höchste Präzision in der Welt der Optik - von Schlüsselkomponenten über Baugruppen bis hin zu komplexen optischen Systemen.

SwissOptic AG High-Precision Optical Systems The SwissOptic AG is based in Switzerland - your long-term and trusted partner along the entire value chain - from concept to volume production. We ...

SwissOptic AG is your partner of choice for the entire process chain of OEM optics, from concept to volume production. We develop, manufacture and assemble optical key components, optomechanical...

OEM Optics Made in Heerbrugg, Switzerland. As a trusted OEM partner, SwissOptic AG provides leading system manufacturers in the semiconductor industry with complex optic modules. These ...
