

# **UK QSFP Optical Module 25G**

## UK QSFP Optical Module 25G

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center.

QSFPTEK offers a 25G SFP28 high-performance Active Optical Cables integrated cable that can provide an ideal alternative solution for high-speed cables and short-distance SFP28 optical modules.

Fibrenet supplies compatible optical networking transceivers. We provide all available transceiver formats, for all major vendors: guaranteed compatible products for SFP, SFP+, SFP28, QSFP+, ...

The Arista QSFP-100G-SR4-E Compatible QSFP28 Optical Transceiver Module is designed for use in 100GBASE Ethernet throughput up to 30m over OM4 multimode fiber (MMF) using a wavelength of ...

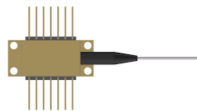

Buy online 25G SFP28 transceivers at QSFPTEK for 25Gigabit Ethernet, high-speed servers, storage, and data center backbone. QT SFP28 includes 25GBASE-SR/LR/ER, from 100m to 40km.

SFP28 transceiver that supports 25G connections up to 100 m using multi-mode ...

The Arista QSFP-100G-SR4-E Compatible QSFP28 Optical Transceiver Module ...

SFP28 transceiver that supports 25G connections up to 100 m using multi-mode fiber with a duplex LC UPC connector.

We provide all available transceiver formats, for all major vendors: guaranteed compatible products for SFP, SFP+, SFP28, QSFP+, QSFP28, QSFP-DD formats, as well as CWDM and DWDM optics and ...

Optical transceiver modules convert electrical signals into optical signals to transmit and receive 4 x 25G channels for 100Gbp/s. Compared to DAC and AOC cables, they can transmit much ...

Electrical Loopback Modules GIGALIGHT provides a series of active electrical loopback modules for port testing of 25G SFP28, 100G QSFP28, 200G QSFP56, and 200G/400G QSFP-DD interfaces.

The QSFP-100G modules are our new generation of 100G transceiver modules solution based on a QSFP form factor. Compare
