Green 520 nm wavelength laser diode modules with dot or line output.

Green Laser Diodes are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Green Laser Diodes.

In order to help, we put together a short list to help you at least figure out how much a “class” of laser diode might cost. This list is a rough guide of pricing by package style and output power for 808, 915, ...

Factory price green laser module operates at a wavelength of 520nm, produces bright green laser light, and the power output can be adjusted according to customer needs, up to 300mW.
